PROFESSIONAL SUMMARY

Recent M.A. graduate from the University of Chicago bridging data analysis, creative technology, and web development. Experienced in building interactive applications and data-driven visualizations across design, digital media, and product contexts.

EDUCATION

- M.A. in Digital Media Studies** — University of Chicago June 2026
- Merit Scholarship Recipient — \$20,000
- Bachelor of Fine Arts (Painting & Drawing)** — School of the Art Institute of Chicago Jan 2025
- Creative Honors Scholarship Recipient — \$54,000

INTERNSHIP EXPERIENCE

- User Data Analytics Intern** — Fathia May – Jun 2026
- Collected and structured user data via the YouTube Data API; built datasets to support potential customer identification and segmentation
 - Developed automated scripts to model multi-dimensional user behavior; integrated LLM to generate personalized outreach emails at scale
- Producer / Executive Producer** — Tineco — Hangzhou, China Jul – Aug 2024
- Led end-to-end execution of ad campaigns; managed production budget and vendor negotiations across multiple projects
 - Coordinated cross-functional teams (creative, logistics, media) to deliver shooting plans on schedule
- 3D Visualization Intern** — Hangzhou Tuwei Digital Intelligence Technology Jun – Sep 2023
- Built 1:1 scale 3D models of petroleum equipment using 3ds Max and V-Ray; delivered production-ready assets on deadline

PROJECTS

- Flock Camera Data Physicalization** — University of Chicago Apr 2026
- Built a tangible data physicalization installation mapping Chicago Flock/ALPR camera distribution using Toio robots and projection mapping
 - Designed dual-robot interaction for spatial selection and demographic filtering
- Data & Systems Project Member** Nov 2024 – Mar 2025
- Ocean Intelligent Visualization Project — Remote
- Processed and cleaned 10M+ global ocean records; built a smart agent (Coze + DeepSeek) to automate data crawling via REST APIs
 - Developed SvelteKit dashboards and animated demos to present data insights; assisted in 3D modelling of ocean environments
- Set Design — Deified & The Pillow Man** 2023 – 2024
- Directed visual style and scene composition for two theatrical productions in Chicago
- Data Analysis Project Member** — Zhejiang University of Finance and Economics Jun – Sep 2022
- Analyzed West Lake visitor flow data; co-authored peer-reviewed paper published in [Scientific Reports \(2023\)](#)

AWARDS

- Bronze Award, 19th Zhejiang Provincial “Challenge Cup” College Student Academic Science & Technology Competition (“AI+” Track) — Co-developed “SmartDrag: A Portable Digital Twin Scene Editor” with a cross-disciplinary team

SKILLS

Programming: Python, JavaScript, TypeScript, C/C++, Java, SQL
Web & Data: SvelteKit, Tailwind CSS, REST API, Git/GitHub, Vercel, Streamlit, Excel, Dashboard Design
Creative Tech: Unity (C#), Unreal Engine 5, Arduino
3D & Design: Blender, Fusion 360, 3ds Max/V-Ray, 3D Printing, Figma, Photoshop, Illustrator, Premiere
AI Tools & LLMs: Claude Code, OpenAI Codex; proficient in LLM-assisted development (vibe coding)
Languages: Mandarin Chinese (Native) · English (Full Professional Proficiency)
