

EDUCATION

School of The Art Institute Chicago, Chicago, IL

Graduation in Jan. 2025

Bachelor of Fine Art, emphasis in Painting and Drawing

- Creative Honors Scholarship Recipient

INTERNSHIP EXPERIENCE

Big Data and Intelligent Decision Making Project Group, Zhejiang University of Finance and Economics, China

Research Assistant

Natural Science Foundation Public Welfare Project Research and Development of Intelligent Management Visual Analysis System for West Lake

Whole Area Visitor Flow Data (online participation)

Sep. 2022-Jan. 2023

- Participated in the collection and organisation of data on West Lake visitors. Simulated the personality data of West Lake visitors and their next tourist spots according to the statistical characteristics of West Lake visitors.

• The project results were published in the paper: *Visual Analytics Of Route Recommendation For Tourist Evacuation Based On Graph Neural Network*, published in Scientific Reports, 2023-10-11

- Link to the paper: <https://www.nature.com/articles/s41598-023-42862-z>

Ocean Intelligent Visualisation and Monitoring System (In-person participation)

Nov. 2024-Mar. 2025

- Collected and collated worldwide publicly available and relevant ocean data
- Built a smartagent that can automatically crawl ocean data using the existing coze platform after the emergence of DeepSeek
- Assisted in modelling the ocean and part of the harbour, and developed an animated demo to show the sea and harbour

Hangzhou Tuwei Digital Intelligence Technology Ltd, China

3D Computer Intern

3D Model Optimisation (online participation)

Mar. 2023-Apr. 2023

- Rendered large-scale industrial scenes for the company using the VRay of 3DMax

Modelling Basic Equipment in the Petroleum Industry (In-person participation)

Jun. 2023-Sep. 2023

- Rendered one-to-one 3D models of some industrial equipment using 3DMax software, referring to their manuals, pictures and photos

Tineco, Hangzhou, China

Executive Producer (Commercial Advertising)

Aug. 2024

- Oversaw the comprehensive progression of advertising projects, ensuring timely, high-quality completion
- Collaborated with the creative team to convert conceptual ideas into detailed shooting plans
- Monitored and adapted project costs and budgets to achieve optimal artistic results within financial constraints
- Inspired team members to unleash their creative potential and fostered a culture of collaboration and shared success

Producer (Commercial Advertising)

Jul. 2024

- Led the entire advertising process from conceptualization to execution, ensuring alignment with brandtone and engagement of target audiences
- Developed project budgets and optimized resource allocation to maximize artistic impact while controlling costs across multiple projects
- Directed cross-functional teams, promoting creative synergy and integration to achieve advertising objectives
- Maintained artistic standards across all elements of advertising, conveyed the brand's values and aesthetic appeal

Make-up artist, Stylist, CHTV Media & Entertainment LLC, California, USA

Feb. 2024

- Developed and executed innovative costume and makeup designs tailored to the theme and atmosphere of programs or events.
- Oversaw fabric selection, costume coordination, color schemes, and makeup techniques, controlling the quality to deliver optimal styling
- Worked closely with directors, producers, and photographers, effectively communicating creative ideas to ensure seamless visual cohesion

MAIN PROJECTS

Production design and BTS Still Photographe, Student Short Film, Changsha, China

Aug. 2024

- Carefully crafted the overall artistic atmosphere of the short film through scene arrangement, prop selection, and color coordination
- Documented the filming process by capturing significant moments of scenes and characters, creating artistic records for project promotion

Art Director, The Pillow Man, Chicago

Jun. 2024

- Led the production and arrangement of props and scenes, meticulously crafting each element to ensure precision and aesthetic appeal

Art Director, Deified, Chicago

May. 2023

- Conducted research on the themes and background to design a distinctive visual style(color schemes, scene composition, and lighting effects)
- Transformed creative concepts into tangible scenes, collaborating with the director to ensure each frame aligns with the artistic vision
